

# Flexo CA Coverplate EJs

**Flexo CA:** This floor joint system is a derivative-design of the widely used FxC. It employs composite centering-bar technology, and can be easily integrated (Butt-joined) with the FxC at changes in floor finish. FxCA offers less obtrusive visual presence than other systems. It is ideal for use in convention centres, department stores, corporate rooms and other floor spaces where carpet floor finish is used.

## Fx CA

Previous Model No: UACA

### Performance

Concealed Fixings  
Thermally Dynamic  
High Capacity  
Low Maintenance

**Bead blasted cover plate**  
**Slip resistance Class V**  
**Tested to AS4586 2013**

### Compatible Finishes

Carpet

### Standard Length

4.8m

### Standard Finish

Anodised Aluminium

### Options

Product	A: Coverplate		B: Gap			
	Width	Thick	Min.	Mid.	Max.	Mvmt.
